

KNOW WHERE TO GO

Go to the right place—for the right care—at the right time

Make the best decision about where to go for medical care. With many options to get care quickly, it can be confusing knowing where to go and how much you might have to pay.

YOUR DOCTOR

your go-to health expert

If it's not a life-threatening emergency, your doctor is usually the best option.

If you need medical care, but it is not an emergency, always call your primary care doctor for an appointment. Your doctor knows your health history and can help provide better care over time and help prevent future health issues.

VIRTUAL CARE

24/7 virtual doctor visit

Get care for common health problems wherever you are 24/7.

Use your smartphone or computer to meet with a board-certified doctor for a quick and convenient virtual visit. These doctors are contracted with Blue KC to provide private and secure visits.

URGENT CARE

RETAIL HEALTH CLINIC

your back-up option

If your doctor can't see you today or the office is closed, urgent care is an option for issues that can't wait.

Urgent care centers and retail health clinics (normally a walk-in clinic found inside a retail store) can save you time and money when you have a non-life threatening illness or injury.

EMERGENCY ROOM

COMMUNITY HOSPITAL

for true emergencies

If your health or life are threatened, never wait. Call 911 or go straight to the nearest emergency room.

Emergency rooms (ER) are not for routine healthcare. When you go to the ER, a doctor, who may not be familiar with your medical history, determines whether you need emergency care. If you use the ER for a non-emergency, it may cost you more.*

IMPORTANT NOTE:

Smaller community/neighborhood hospitals may advertise both "emergency" and "urgent" care. NOTE: emergency room rates are generally charged for any type of visit at these facilities.

* You must notify Blue KC of any emergency hospital admission within 48 hours of the admission time, or as soon as reasonably possible.

This is not medical advice. Consult a medical professional and seek assistance in an emergency. Please note that benefits are subject to applicable co-pays, deductibles, coinsurance and other provisions of your member contract.
